### CONSULTATIONS – PLEASE READ

In order to offer the most appropriate advice and treatment for your skin requirements, we provide a range of consultation types. For many of our treatments, the initial consultation takes place with a **sk:n** nurse or therapist, and is free of charge. For our Botox® treatments, in order to meet the requirements of specific clinical legislation, a doctor consultation is mandatory, and we do not charge for this. Most other doctor or dentist consultations are chargeable at £99. Consultations for laser resurfacing, scar revision and cosmetic surgery are more complex, and require a mandatory specialist consultation at £140.

In most **sk:n** clinics, the senior practitioner is the Medical Director. Clients may choose to book their consultation (and subsequent treatments) with a **sk:n** Medical Director, for which there is an additional charge. Medical Director consultations cost £140.
