## THE FACTS

### THE BIG QUESTIONS!

1. Do you want to reduce the appearance of fine lines and wrinkles?
2. Would you like a more even skin tone and texture?
3. Do you suffer from significant UV damage?

If the answers are

**YES...**

then the Glycolic Resurfacer is  
the treatment for you.

GLYCOLIC ACID RESURFACER

 DERMAQUEST

## GLYCOLIC ACID

### WHY CHOOSE SK:N

- Each one of sk:n's clinics has a Medical Director to ensure every single treatment and product complies with our consultant approved medical protocols, giving the highest standards of quality and safety
- sk:n works with more Consultant Dermatologists than any other chain of clinics, to offer free rejuvenation assessments and carry out bespoke treatment plans
- Our clinicians have in-depth and frequent training, contributing to our industry low incident rates
- sk:n offer a greater breadth of treatments than any other chain of skin clinics, from clinically proven products, to mid-priced, low 'downtime' treatments to minimally invasive, high-efficacy solutions
- sk:n has a network of clinics across the whole country, all operating to the same highest standards of care, open 7 days a week often to 9pm

### ONLY THE VERY BEST

We have the highest standards of safety and protocol, which is why we have chosen to offer you the Glycolic Acid Resurfacer treatment. DermaQuest products and formulations incorporate the highest industry standards, with quality control as the highest priority.

## RESURFACER

### HOW IT WORKS

This deeply exfoliating treatment uses a unique blend of anti-ageing ingredients to retexture damaged skin. Ideal for those with significant UV damage, lines and wrinkles, our advanced technology will transform and awaken dull, tired skin.

Glycolic acid instantly smoothes the surface of the skin, creating radiance. As the glycolic acid penetrates into the skin it stimulates cell renewal in the basal layer of the epidermis to bring new healthy cells to the surface. The dermal layer is stimulated causing fibroblasts to produce collagen synthesis.

### BENEFITS

- Reduces the appearance of fine lines, wrinkles and enlarged pores
- Channels energy into sluggish skin for a radiant complexion
- Increases cell turnover to reveal a brighter complexion
- Evens skin tone
- Increases skin firmness
- Strengthens the skin

### SKIN PREPARATION

In order to support, enhance and protect your skin prior to and during your DermaQuest treatments, it is important to follow the instructions provided by your skincare professional, as this routine is designed to bring your skin to it's fullest potential.

## GLYCOLIC ACID

We recommend the following products to get the best results from this treatment:

- Peptide Glyco Cleanser
- Essential B5 Hydrating Serum
- Stem Cell Rebuilding Complex
- SheerZinc SPF30

### YOUR QUESTIONS ANSWERED!

#### WILL IT HURT?

When the Glycolic Acid resurfacer is applied to your skin, it may feel tingly and itchy for about 5-6 minutes. It should not feel hot, but could be slightly warm.

#### IS THERE ANY DOWNTIME?

Your skin may flush with a slight redness, which could last for a couple of hours. After 2 days the skin could start to feel dry, which could last between 3-4 days due to epidermal water loss. You may experience a slight flake to the skin which could last for a few days after treatment.

#### TREATMENT COURSE

We recommend a course of 6 treatments, with 1 treatment every 2 weeks.

#### AFTERCARE

Our post treatment care is designed specifically to restore, enhance and protect your skin. Our regime optimises and maintains results, ensuring healthy skin at its fullest potential post-treatment. DermaQuest's professional resurfacers may cause increased sensitivity to the skin.

## RESURFACER

Please follow the advice provided from your skincare professional for the next 3-4 days post-treatment:

- Keep the skin hydrated and protected with an SPF30
- Avoid sweating, exercising, hot baths or showers, scrubbing, picking or rubbing, which could lead to scarring
- Avoid sun exposure
- Avoid the use of active skincare containing AHA, BHA, Retinol, Benzoyl Peroxide

### RECOMMENDED HOMECARE

- Stem Cell 3D Complex
- Stem Cell 3D Eye Lift
- Stem Cell 3D Facial Cleanser
- Stem Cell 3D Hydrafirm
- Stem Cell 3D Lip Enhancer
- Stem Cell 3D Tinted Moisturizer SPF30
- Stem Cell Rebuilding Complex
- SunArmor SPF50

### THE STAMP OF APPROVAL
