RETINOL INFUSION

WHY CHOOSE SK:N

- Each one of sk:n's clinics has a Medical Director to ensure every single treatment and product complies with our consultant approved medical protocols, giving the highest standards of quality and safety
- sk:n works with more Consultant Dermatologists than any other chain of clinics, to offer free rejuvenation assessments and carry out bespoke treatment plans
- Our clinicians have in-depth and frequent training, contributing to our industry low incident rates
- sk:n offer a greater breadth of treatments than any other chain of skin clinics, from clinically proven products, to mid-priced, low 'downtime' treatments to minimally invasive, high-efficacy solutions
- sk:n has a network of clinics across the whole country, all operating to the same highest standards of care, with some clinics open 7 days a week, often until 9pm

ONLY THE VERY BEST

We have the highest standards of safety and protocol, which is why we have chosen to offer you the Retinol Infusion treatment. DermaQuest products and formulations incorporate the highest industry standards, with quality control as the highest priority.

HOW IT WORKS

Revive, repair and restore your skin. Retinol Infusion is the perfect pick-me-up for dull, lifeless skin. This powerful retinol blend will give instant radiance and repair compromised barriers as it restores vitality and hydration levels. The perfect introduction to our more advanced level treatments.

Formulated to replenish essential moisture in any skin type, Hyaluronic Acid and 4% Retinol combined together target both epidermal and dermal layers.

BENEFITS

- Offers an instant, visible lift to the skin
- Restores supple skin and increases hydration levels
- Plumps and softens fine lines and wrinkles

SKIN PREPARATION

In order to support, enhance and protect your skin prior to and during your DermaQuest treatments, it is important to follow the instructions provided by your skincare professional, as this routine is designed to bring your skin to it's fullest potential.

We recommend the following products to get the best results from this treatment:

RETINOL INFUSION

- Peptide Glyco Cleanser
- Essential B5 Hydrating Serum
- Stem Cell Rebuilding Complex
- SheerZinc SPF30

YOUR QUESTIONS ANSWERED!

WILL IT HURT?

Your skin may feel a little warm once the mask has been applied. This occurs as the Retinol Solution penetrates the skin, regulating cell renewal within the epidermis. By the time the treatment has finished, your skin will feel comfortable all over.

IS THERE ANY DOWNTIME?

Skin will feel instantly firmer and more hydrated. After a couple of days your skin could start to feel slightly dry due to epidermal water loss. You may experience a light flake as your skin regulates the cell renewal process.

HOW MANY TREATMENTS WILL I NEED?

We recommend a course of 6 treatments, with 1 treatment every 2 weeks.

AFTERCARE

Our post treatment care is designed specifically to restore, enhance and protect your skin. Our regime optimises and maintains results, ensuring healthy skin at its fullest potential post-treatment. DermaQuest's professional resurfacers may cause increased sensitivity to the skin. Please follow the advice provided

from your skincare professional for the next 3-5 days post-treatment:

- Keep the skin hydrated and protected with an SPF30
- Avoid sweating, exercising, hot baths or showers, scrubbing, picking or rubbing, which could lead to scarring
- Avoid sun exposure
- Avoid the use of active skincare containing AHA, BHA, Retinol, Benzoyl Peroxide

Once all sensitivity has gone, you can slowly reintroduce your normal skincare products.

RECOMMENDED HOMECARE:

- Algae Polishing Scrub
- B3 Youth Serum
- C Infusion Eye Cream
- Essential B5 Hydrating Serum
- Essential Daily Cleanser
- Essential Moisturizer
- Stem Cell Rebuilding Complex
- Youth Protection SPF30 or SheerZinc SPF30
